

RESENTMENT OF CHARLESTOWN PEOPLE GROWS

Feeling Against State Police Reaches Fever Heat On Tuesday
DEMANDS ARE MADE
Public Attention Diverted From Treason Trial By Latest Action

CHARLESTOWN, W. Va., May 9.—Daily growing resentment of the people of Charles Town against the state police, who have superceded local law enforcement authorities during the murder and treason trials of the miners, reached the inflammatory point today.

Leading citizens, including business men and bankers, are demanding that Governor Morgan order the instant removal of the constabulary. Petitions appealing to the governor to withdraw the state police were circulated today and Mayor A. M. S. Morgan is making strenuous efforts to keep citizens from getting together in an "indignation meeting" so that serious trouble may be averted.

The mayor's action in demanding the removal of the constabulary followed what was said to have been an attempted intimidation by the state police of newspaper correspondents covering the miners' trials.

The freely expressed indignation of the citizens against what they characterize as "unwelcome occupation of the town" by the state police has almost entirely diverted public interest from the trial of William Blizzard, first to be tried of the more than a score of miners who marched on Logan and Mingo counties last summer and took part in the battle of Blair mountain.

Mayor Morgan said today that dismissal of the charge of disorderly conduct against Lieut. Mack B. Lilly, commanding the local detachment was to "avert an open rupture between the local civil authorities and the state police."

He added that the constabulary was "not wanted in town." "I would much rather have a company of militia here if the situation got beyond the control of the local police," the mayor said. "But we are a peaceful people and do not need any outside police to keep the town peaceful."

The John Doe warrant sworn out for one of the state police following the alleged "beating up" of Edward Snowden, a negro, has not yet been served.

While the state police situation occupied the attention of the public, counsel for the defense prepared to argue tonight a motion calling for the freedom of the eight men charged with murder in connection with the miners war last summer.

MURDER TRIAL TO START IN LOCAL COURT THURSDAY

The second degree murder trial of Harry Jackson, 23, colored, will begin in Common Pleas Court Thursday morning, an early date having been assigned the case as soon as Jackson entered a not guilty plea to the indictment returned by the grand jury.

Jackson is said to have inflicted injuries on Mrs. Ruth Jackson, his divorced wife, which caused her death. He will be represented in the trial Thursday by Attorney P. L. Johnson who has been appointed by the court to defend the accused, and Prosecuting Attorney J. Kenneth Williamson will handle the case for the state.

FINDS JAMAICA
Coolville, May 9.—Dry officers searched the restaurant of C. C. Wigal here and found a gross of bottled Jamaica ginger containing over 90 per cent alcohol. Wigal, who pleaded guilty to possessing intoxicating liquor, was fined \$100 and costs. Officers said Wigal told them he bought the stuff for medicine.

FIGHT PROMISES ACTION
London, May 9.—Thursday night's fight between Georges Carpentier and Ted "Kid" Lewis, promises action from the very tap of the bell, in the first round, it was unanimously predicted by sporting writers today. Each will attempt to wind up the contest before the sixth round. Jack Demsey, the world's heavyweight champion, who is scheduled to arrive from Paris tonight, may second Lewis.

WINS DISTINCTION
Elyria, May 9.—Rev. W. S. Smith, of the United Presbyterian church, again wins distinction of being the first local resident to appear on the streets wearing a straw hat. It was the same hat he wore last year. Just as last year, it was not long after Rev. Mr. Smith appeared in his straw hat that first barefoot boys put in their appearance.

TWO DEAD; THREE INJURED.
Buffalo, May 9.—Two men dead and three injured is the toll of a gasoline explosion last evening in the boiler room of the wholesale millinery establishment of Sinclair, Rooney and company here.

Former Vice-President Thomas Riley Marshall, of Indiana, accompanied by his wife has sailed for a tour of Europe. The Marshalls departed from Boston aboard the steamer Samaria.

Proposed Steel Merger Fans Senate Opposition

Senate's Objection to "Protective" Iron and Steel Rates In Pending McCumber Bill Increased By Reported Plan to Unite Corporations

Washington, May 9.—The proposed merger of seven of the largest independent iron and steel corporations which are said to be capable of a total annual production of 10,000,000 tons of steel, served today to fan the opposition in the senate to the "protective" iron and steel rates of the pending McCumber bill.

Senator La Follette, Republican, Wisconsin, member of the senate finance committee said that it was his intention to press for early action upon his resolution calling upon Attorney Gen. Daugherty and the federal trade commission for information regarding what step they have taken or proposed to take to "ascertain the purpose and probable effects of the proposed merger."

La Follette directed attention to a statement he said was recently made at New York City that the United States Steel corporation "will not look with disfavor" on the creation of a "secondary steel trust" and that "with two big steel combinations in the field, prices should be more uniform."

Steel manufacturers were understood to claim that the new combination "would tend to stabilize the steel industry and benefit shareholders as well as employees" and to have pointed out that the computed 10,000,000 ton capacity of the seven corporations could be "compared favorably" to the 22,000,000 ton capacity of the United States Steel corporation.

"The proposed steel combine is doubtless a move to 'corner' the steel market completely," said La Follette. "It would wipe out seven of the largest steel industries, merge them into a single combination and lessen or destroy entirely what ever competition the United States Steel corporation had or might have. And this at a time when the steel industry is clamoring for a 'protective tariff' on their products."

"With a sky high tariff wall to bar out foreign iron and steel products

D. P. & L. TRUCK STRUCK BY SWITCH ENGINE; 4 HURT

Several employees of the Dayton Power and Light Company, escaped serious injury or death, when a company truck was struck by a Pennsylvania switch engine, in the railroad yards near the Pennsylvania depot, Tuesday morning about eight o'clock. The men were engaged in loading a long pole onto the truck from a car, the truck standing across the track, on the north side of the yards.

Four of the men who were in the truck, were the only ones of the nine who received injuries. Ray Hagler, received injuries to his left elbow; Frank Weiss, received bruises about the right knee and ankle and left leg; Clarence Dewey, bruises of the muscles of the left arm and right wrist, and Jacob Miller, received injuries to the right elbow and muscles of the right arm. The other employees were unhurt.

MORE FIREWORKS CAUSED BY PLAN

Washington, May 9.—The nomination of Nat Goldstein as collector of internal revenue in St. Louis, which has provided more political fireworks than any appointment in months will not be passed upon by the senate finance committee until the full republican and democratic membership of the senate committee has an opportunity to pass judgement upon it, it was announced today.

HOLD SERVICES FOR PATTERSON ON WEDNESDAY

Remains of N. C. R. Founder Lie in State at Factory On Tuesday

DAYTON IN MOURNING

All Business to Cease During Funeral—Schools and Offices Close

Dayton, May 9.—A great concourse of sorrowing friends met the body of John H. Patterson, philanthropist and founder of the National Cash Register company, this morning at the Union Station and escorted it to the executive offices of the great corporation. There the remains will lie in state from 3 until 8 p. m. where it was to be reviewed by countless hundreds.

The funeral services will be held tomorrow at 11 o'clock according to present plans. These are subject to change at the request of the family, which will make its wishes known later in the day.

Tomorrow will be a day of mourning throughout Dayton. All county and city offices will be closed under proclamation by the mayor and city commission. Schools will be dismissed and all business activity will be suspended during the hours of the funeral service.

Flags in the city are at half mast and those on the public school buildings are to remain in that position for thirty days in respect for the man who did so much for the "foundations of the government."

Members of the family have requested that no flowers be sent to the home, to the church, burial plot or to the offices of the company where the body lies in state.

Rev. Phil Porter of Christ's Episcopal Church, of which Mr. Patterson was a member will officiate at the service, which will be conducted from the home at Far Hills, the Patterson estate.

Burial will be made in Woodlawn Cemetery.

DECISION ON BOOK STORE CASE UPHeld

Akron, May 9.—A decision handed down today by the ninth judicial district court of appeal, of Akron, affirming the decision of the Franklin County Common Pleas Court which dismissed the suit for injunction filed by Frank S. Homminger, Columbus, suing as a taxpayer of the state, to enjoin the trustees of the Ohio State University from permitting the Ohio State University Co-operative Supply Company, a corporation for profit, using and occupying a room in one of the university buildings.

The supply company referred to in the decision is the successor of the Men's Student council, a voluntary association organized in the fall of 1920 among the male students to provide a co-operative store where the students could purchase books and other supplies at cost.

The court in the opinion written by Judge W. E. Pardee and concurred in by Presiding Judge C. G. Washburn, Judge Roscoe W. Funk, holds that the store is "a legitimate student activity, promoted for and in furtherance of the purpose for which the university was organized."

OIL CONCESSIONS AWAIT RECOGNITION

The Hague, May 9.—The reported agreement between the Royal Dutch and Shell Oil Companies (formerly Dutch, but now British owned) and the soviet government, at Moscow for Russian oil rights, is not to be effective until the powers recognize the bolshevik regime, according to the Dutch newspaper Het Vrijland to-day. This newspaper published what purports to be the details of the "oil pact."

According to the Dutch paper, the Anglo-Persian oil company, also British owned, is involved along with the Royal Dutch-Shell group.

TO ESTABLISH COURT

Elyria, May 9.—Attorney Harry Redington has induced the Exchange Club to foster a movement to establish a municipal court here. The movement is attacked by Harry's father, Common Pleas Judge H. G. Redington who said a municipal court would be a needless burden on the taxpayers. He said delays in trying cases are entirely up to attorneys. About half of the cases filed are instituted for the purpose of effecting settlements and are never intended to be tried according to Judge Redington.

CHARGE IS UNEXPECTED

Elyria, May 9.—George A. Roice, Wellington, was placed on trial on the charge of obtaining property under false pretenses by purchasing \$2,150 worth of cattle from George Thomas, Pittsfield. The cattle were killed enroute to Mexico. Roice contended he was unable to collect for the cattle and, consequently, is unable to pay for them.

MRS. VICTOR BERGER HOME FROM ORIENT

The Orient is no place for a white woman, asserts Mrs. Victor Berger of Milwaukee, wife of the former Socialist Congressman. She has just returned from the Philippines, where she visited her daughter.

BLACK MAIL GANG LEADS BOOTLEGGERS WAR IT IS REVEALED

Capture of Member of Outfit May Lead to Arrest Of Others

New York, May 9.—The "death and conviction" shattered remnants of the desperate Italian black mail gang headed by "Lupo the Wolf," which levied tribute upon the vast Italian colony in Lower New York, 15 years ago, stands revealed leading the bootleggers war.

The gang, which has written some of the most spectacular chapters in the history of New York's underworld and has been reduced in numbers by killings and prison sentences attempted swift revenge last night for the killing yesterday of Vincent Morelli, nephew of the old time leader.

They staged their attack boldly just about a block from police station. Six persons, including two women, were wounded, but only one man, now in a hospital in critical condition, is believed to have been of the party attacked. And the police have only one capture, Joseph Messeria, a gunman, on which they base their efforts at running down the machinations of the gang. The wounded gangster, Silvio Tagliagambe, who may not live refuses to answer any questions.

DENIES GUILT AS LIFE SNUFFED OUT

COLUMBUS, May 9.—With one application of the current, Sam Purpera, 19-year-old Cleveland bandit, died in the electric chair at the penitentiary here at 1:08 o'clock this morning. Although his electrocution was the result of conviction of complicity in the Sly-Panner payroll murders at Cleveland three years ago, young Purpera protested his innocence to the last.

He carried a crucifix into the death chamber and recited a prayer so low that spectators could not understand what he said.

Sentenced 18 months ago, the youthful Italian spent a year in the penitentiary during which time 15 murderers were electrocuted in the big state prison.

Gov. Davis late yesterday announced his decision not to interfere with Purpera's electrocution.

CANDIDATES ARE INITIATED TUESDAY

Columbus, May 9.—Initiation of candidates at Great Council fires marked today's sessions here of the 70th meeting of the Great Council of Ohio. Improved Order of Red Men and the degree of Pocahontas, Public raising of the great chiefs (election of officers) takes place tomorrow. At the opening session, Mayor Thomas and Mattie L. Setterfield, representing local members of the degree of Pocahontas, delivered addresses of welcome. Replies were made by H. R. Saffin, Dennison, great sachem of the improved order of Red Men and by Eliza Spohr, Cincinnati, great Pocahontas of the Ohio order.

FORT WORTH AGAIN FLOODED TUESDAY

Fort Worth, Texas, May 9.—With the Trinity river at a flood stage of 35 feet this city was again water bound today. Blocks and blocks of houses were inundated and street car traffic in three directions was suspended.

The city was again without a water supply as the pumping plants have been flooded.

A railroad employe was drowned at Cleburne, 28 miles south of here, and a Mexican woman was killed at Thurber, fifty miles west.

A cloudburst west of here caused the flood.

FATE OF GENOA CONFERENCE NOW HINGES ON REPLY OF RUSSIA TO ALLIES DEMANDS; CRISIS IS NEAR

Soviet Delegation Delays Handing In Answer to Statement of Conditions for Recognition—Meeting Will End This Week if Terms Unsatisfactory

Genoa, May 9.—The Russian delegation to the economic conference again today delayed handing in their reply to the allied statement of conditions for recognition of the Moscow soviet government. It was understood today that the detailed draft is now completed, that it will be turned over to the full Russian delegation tonight for perusal and that, unless further changes are necessary will be presented to the allies tomorrow. It was reported that the Russians had agreed to certain concessions as a result of pressure from friendly sources, but that they refused to concede anything that would impair the principles of the bolshevik government.

The general gloom which had descended over the conference was lifted somewhat by the official denials that the Anglo-French entente was threatened but the clouds cannot be dispelled entirely until it is known that the Russian reply is satisfactory. If the allies decide that the preliminary answer of the Russians is acceptable as the basis of further negotiations they will continue; if not the conference will find itself upon the rocks and adjournment will be taken by the end of the week.

The Russians were in close touch with the British, Italians, Germans and some of the neutral delegates and it was understood that Premier Lloyd George has told Tchitcherin, head of the Russian delegation, that a satisfactory Russian answer will mean gradual recognition of the Moscow government after a probational period.

Many delegates fear that the preliminary reply of the Russians will be couched in terms so vague and principles so general that it will offer little material for a continuation of the discussion.

In the meantime conference affairs have been standing still waiting upon the next move of the Russians. Tchitcherin and his colleagues have been in wireless communication with Moscow seeking further instructions which are believed to have concerned the future status of foreign owned property in Russia which was nationalized and the nature of collateral claims which Russia will put up for a foreign loan and credits.

Some of the allied and neutral delegates were not sanguine that any concessions promised by the Russians would be sufficient to keep the conference going in view of the reiterated declarations by Tchitcherin and his colleagues that they could not concede anything that would impair the principles of the bolshevik government at Moscow.

Germany's position seems to have been strengthened by the modest attitude of the German delegates. The

home of his brother Frank, they drowned his death moans by playing gay tunes on a phonograph. After he died, Leischer's confession avowed, they weighed his body with wind-weights, wrapped it in a blanket, and took it to the Chesapeake and Ohio bridge across the Ohio river and tossed it into the waters.

Detective Chief Emmett Kirgan said, however, after questioning the brothers and Kirchoff that it would have been impossible for a bullet from Kirchoff's gun to have wounded young Solderits and that he probably was shot accidentally by one of his hold up companions who fired upon Kirchoff.

The solution to the Solderits mystery, which originated with the finding of the body of Stephen Solderits with a bullet wound in his head, and floating in the Ohio river, was brought about by a tip furnished by two small boys, John and Frank Henz 13 and 12 years old respectively.

BENCH WARRANTS ARE ISSUED AGAINST MORSE

New York, May 9.—Bench warrants were issued in U. S. district court today against Charles W. Morse and his three sons who failed to appear and plead to an indictment charging the use of the mails to defraud the public in promoting sale of stock of the U. S. Steamship company. The U. S. marshal was instructed to bring Morse and his sons Edwin and Benjamin and Harry F. Morse into court.

PRESIDENT WILL SPEND TIME IN ATLANTIC CITY

Atlantic City, N. J., May 9.—President Harding will come to Atlantic City the last of this week to spend several days vacation, it was learned here today.

Reservations have been made at a leading hotel here for Saturday for the president and his party which is understood to include Mrs. Harding and a number of their friends. They will come to Atlantic City on the presidential yacht Mayflower, it is said.

Irish Merchant Marine Fleet Is Now Launched

Plainu Boycott Extension On All British Shipping Lines—First Ship to Make Voyage to New York About June.

Washington, May 9.—An Irish merchant marine fleet, the first in history, is being made ready for operation to war on British trade and to carry out the boycott on all British shipping lines declared by the national convention of the American Association for the recognition of Ireland.

The first ship of the fleet—Irish owned and Irish directed—will make its maiden voyage from the port of New York on June 1, carrying Irish tri-color and the American flag, it was announced here today. The first

freighter of the new line will sail within ten days. All of the crew are to be Irish American.

It is estimated that the trade between the United States and Ireland which amounted to about \$40,000,000 worth of exports from the United States last year will be trebled through the operation of the new fleet.

A drive will be made to attract American tourists to the Emerald Isle and special tourist trips are being arranged by the United Irish Lines, which will direct the fleet.

AMAZING STORY OF CRIME TOLD BY I. W. W. MAN

Series of Holdups Culminates in Death of Companion

DROWNED OUT CRIES

Viola Played Until Injured Man Died, Cincinnati Police Told.

CINCINNATI, O., May 9.—Edwin Leischer, admitted I. W. W. organizer described to detectives here this morning how he had planned an amazing series of hold ups and exploits of banditry executed by him and Michael, Frank and Stephen Solderits and which culminated in the fatal shooting of Stephen Solderits during a revolver battle.

Leischer and Michael and Frank Solderits were arrested Monday afternoon after police had entangled them in a net of unusual circumstances woven about the finding of the body of Stephen Solderits, bound with heavy wire and partially clothed, floating in the Ohio river one week ago.

Leischer admitted he planned a series of hold ups of paymasters here which netted the quartette more than \$9,000. Leischer said their career of crime culminated when Stephen Solderits, while driving the bandit car away from the J. H. Day Company's plant where they had held up and robbed William Kirchoff, paymaster, was shot and killed by a bullet from Kirchoff.

After taking young Solderits to the home of his brother Frank, they drowned his death moans by playing gay tunes on a phonograph. After he died, Leischer's confession avowed, they weighed his body with wind-weights, wrapped it in a blanket, and took it to the Chesapeake and Ohio bridge across the Ohio river and tossed it into the waters.

FIVE ARE BURNED TO DEATH IN ILLINOIS

Marengo, Ill., May 9.—Five members of a family of nine were burned to death here today when fire swept the home of August Borke, 48, a railroad employe. The five were Borke and his children, Harry, 8, Helen 6, Peter 7 and Verna 2.

Borke lost his own life in aiding the members of his family who were saved. He dropped his wife, Anna, and his infant son out of a first floor window to safety and wrapped his nine year old son, Walter, in a blanket and dropped him from a second floor window.

ANTIOCH DEFEATED  
BY WITTENBERG

Roy Young, Coach Godfrey's mound selection Monday turned back the Antioch College baseball nine with ease and permitted Wittenberg to win the game played at Yellow Springs by the score of 9 to 2.

Although the Antiochians nicked the offerings of Young for nine safeties, the Lutheran moundmen kept these hits scattered to such an extent that the Yellow Springs lads were never able to look dangerous. In the meantime, Dwight Northup appeared to be no puzzle to the Springfield crowd, who nicked him for 11 hits while he was on the hill, and scored at will. Neil, who replaced him in the eighth was little more effective.

The lineups: Wittenberg—Heberling, c; Mong, ss; Prehn, 1b; Blittner, 2b; Hummon, lf; Farmer, rf; Criss, lf; Tompkins, cf; Young, p. Antioch—Niswonger, lf; Cory, ss; Stone, cf; L. Northup, c; D. Northup, p; Kitchen, 1b; Stump, 2b; Cox, 3b; Vannorsdall, rf; Nell, p. The score:

Wittenberg 0 0 2 1 1 0 8 2 0—9 13 3

## HENRY CLEWS

## Weekly Financial Review

Developments in the foreign situation have largely centered around the forthcoming discussion of German reparations which is now shortly to occur at a special meeting to be called for that purpose, soon after the adjournment of Genoa. All expectation is to the effect that at that time some modification of reparations plans designed to insure more equitable adjustment of international indebtedness will be effected. Meantime the news that the Harding administration will sanction the appointment of a commission of bankers to visit London, there to participate in a conference on central banking affairs, has been encouraging from the standpoint of practical proposals.

**MERGER IN STEEL UNDER WAY.**  
Actual inspection of independent steel plants with a view to ascertaining of their value in connection with the proposed merger, gives evidence that progress is being made in the development of this "deal." It is not likely that a final conclusion will be reached for some little time problems of personnel as well as of plant valuation presenting themselves for settlement. The market has fairly well anticipated the advance in value reasonably to be expected as a result of the combination so that it would seem that in the absence of new and conclusive evidence as to the savings, if any, to be expected from it, the reorganization of itself would not warrant any further material advance in prices at present, although in the long run it cannot be denied that it would be of great benefit to the several companies concerned. What is much more influential in this connection is the fact that the industrial position of steel is so steadily improving, with an increasing proportion of plant capacity occupied as a result of demand. Only in a very limited degree has the strike situation impaired the steel output thus far.

**RAILROADS STILL SHOWING RESULTS.**  
Preliminary figures for the railroads during the month of April point to the probability that earnings at the rate of 6 per cent will be scored by class 1 roads for that month. This is better than had been expected. The reports of the past few days have again renewed the forecasts often made that the Interstate Commerce Commission will shortly order a reduction in rates. Accompanying this, however is the equally positive assertion that such reduction will be accompanied by a corresponding lowering in wages. Should this be the case, benefit rather than harm to the earnings of the roads might well be expected, due to the fact that the volume of business would undoubtedly.

**DID HIM MORE GOOD.**  
Many men and women suffer from backache, rheumatic pains, stiff joints, sore muscles and other results of kidney trouble because they neglected the first warning symptoms. Foley Kidney Pills aid the kidneys to throw out poisonous waste matter that causes pain and misery. Stephen Lewis, Eldridge, Ky., writes: "Foley Kidney Pills did me more good than all the other medicine I ever took. I had kidney trouble ten years. I don't have any pain like I had before I took them." Sayre & Hemphill.

**Kidney and Bladder Irregularities**  
How to Know and Treatment  
Suspect the kidneys if you have severe headache with backache or pain and soreness in small of back or bladder region.  
When to use Balmwort Tablets: When the amount of urine passed is irregular or insufficient; when the calls of nature are too frequent, or when accompanied with pain, smarting, burning sensations; when the urine is colorless, or when it is dark, and scalding sensation exists.  
Mrs. Andrew Nelson, 6 Sprague St., Wilmerding, Pa., writes: "The Balmwort Tablets are fine. I had irritation of the bladder. My back hurt, and a burning feeling in the bladder that set my nerves wild. The first dose helped me, as it did my sister, who had inflammation of the bladder with pus discharge. She got relief at once. We will always keep a box handy." Sold by druggists—60c and \$1.25.

## MONEY MORE ABUNDANT THAN EVER

The reasonable rates for money which have prevailed throughout the spring thus far are still maintained, in spite of the fact that the planting season is now well advanced. Interior banks have to some extent developed their balances here in order to provide funds for meeting their own obligations as these developed, but they have not stripped the market in any sense, as is shown by the fact that a substantial volume of time funds is still readily available. There is no reason to doubt that all legitimate investment necessities can be fully financed from now on, even though there should be some changes in the unusually low rates that have prevailed at times in the recent past. The prospect that we might enter into arrangements with foreign countries for the purpose of aiding in the readjustment of European banking systems naturally suggests some draft upon our resources, especially in the event that we should either grant large European credits as is urged by a certain group of bankers, or make a gold loan in a considerable amount as is recommended by others. The prospect that such co-operative action may be taken is proving an important factor in stabilizing exchange, fluctuations being less and general levels higher than for a good while past.

## MARKET REVIEW AND OUTLOOK

In spite of some reactions during the week the general run of stocks has stood up well, notwithstanding profit taking. Pool operators have, of course supported their favorite issues finding encouragement in being able to carry their shares on easy terms. The public is still evidently willing to make purchases whenever sellers grant concessions. Nevertheless important financial interests are of the opinion that if values continue to expand in every direction without some let up and regardless in some cases of merit, the market may get into an uncomfortable position. That this is sensed by a great many people is indicated by the hesitancy now displayed, and doubtless will act as a brake on excessive speculation which is never healthy at any time. From a long-range point of view the outlook continues hopeful.

## Social and Personal

### DELIGHTFUL MEETING OF MISSIONARY SOCIETIES

The members of the Sarah M. Chew Society and the Queen Esther Society of Trinity Methodist Episcopal Church, enjoyed a delightful dinner and program, in the church parlors, Monday evening, the affair being the annual May banquet of the societies.

The guests of the evening numbering fifty, were served the dinner at attractively laid tables in the social room, green and white predominating in the tasteful decorations. Green candles in crystal holders alternated with bouquets of spirea on the tables. The dinner was served by a selected committee from the two organizations.

The program that followed the dinner included a talk on the Southern mountain girl, by Mrs. J. Thorb Charters, a piano duet by the Misses Stella Bishop and Doris Meahl, and a clever playlet by several members of the Queen Esther Society.

The mite-boxes of the members of the organizations, were opened about twenty five dollars being realized, to be used in the Home Mission work of the church.

### COMING MARRIAGE OF INTEREST

The coming marriage of Miss Mimi J. Weaver, of Dayton, to Mr. James Cromwell, of Colorado Springs, which was recently announced, is of interest to the many friends of Miss Weaver in this city. Miss Weaver has visited in this city a number of times and has gained many friends who are interested in knowing of her approaching marriage.

The ceremony will take place in October, at the home of Miss Weaver's sister, Mrs. W. E. Harbottle, 437 Forest Avenue, Dayton.

Miss Weaver, who formerly resided in Dayton, and taught school in Steele High School, has been conducting a chocolate shop at 11 Tejon St., Colorado Springs, for the past ten years. Mr. Cromwell is the proprietor of the largest restaurant and cafeteria in that city.

### QUEEN ESTHER SOCIETY MEETS

Ten members of the Queen Esther Society of the First Methodist Episcopal Church, were guests of Miss Reva Walker, at her home on North Detroit Street, Monday evening.

A short program, including the reading of several pamphlets on the national missionary work, was enjoyed, followed by the opening of the mite boxes of the members, a neat sum being realized.

A delicious refreshment course was served by Miss Walker.

### INVITATIONS OUT FOR EXERCISES FRIDAY

Invitations have been received by friends and relatives in this city, to attend the graduation exercises at the Good Samaritan Hospital School for Nursing, next Friday night, when Miss Elizabeth Wike, and Miss Aloysia E. Norckauer, both of this city will be among the graduates.

The class will include eleven graduates. A number of people from this city are expected to attend the exercises.

Mr. and Mrs. J. G. Mitchell and daughter, Miss Florence Mitchell spent Sunday in Columbus, the guests of Mr. and Mrs. T. C. Legg.

## HEAVY FIGHTING REPORTED ALONG ULSTER FRONTIER

Belfast, May 9.—Heavy fighting has broken out between Ulster constabulary and detachments of the Irish Republican army along the Ulster frontier, said a dispatch received here today.

One outbreak was reported from Strabane.

A violent battle is said to be in progress near Clady between Orangemen and special police on one side and Republicans on the other.

There have been continuous outbreaks, of violence in Ulster since the armistice was effected at Dublin last week. The armistice, however was not to cover any part of Ulster as it was signed only by representatives of the Irish free state army and the Republican army and not by any representative of the Ulster government.

### PICTURE BRIDE OR PICTURE HAT

Maxine Brown "is the most beautiful bride it has been my good fortune to gaze upon," according to President Harding, but it is not known whether

Mr. and Mrs. Timothy Golden and Mr. and Mrs. John Golden of Covington, Kentucky, motored to this city, Saturday and spent the week end with relatives in this city.

Mrs. T. H. Bell left Tuesday for Wilkensburg, Pennsylvania, where she will visit Mr. Bell's brother, Dr. Sheridan W. Bell, and family for a few days. From there, she will go to New Castle, Pennsylvania, to attend the Women's General Missionary Society Convention of the United Presbyterian Church.

Mrs. Ovid J. Lowe will entertain a party of friends at her home on S. King Street, Wednesday afternoon, at cards.

Obedient Thimble Club, No. 160 D. of A., will be entertained at the home of Mrs. Roy Sutton at Columbus and Washington Streets, Thursday afternoon. Mrs. Sutton, will be assisted by Mrs. C. L. Dice, and Mrs. William Arment.

Miss Emma Buckles and Mrs. Gertrude Flannery spent the week end in Springfield, where they attended the birthday celebration of their cousin, John T. Bryant, at his home on North Fountain Avenue, Monday evening. They returned to this city, Tuesday morning.

Miss Cleo Sites, an instructor at Old Town School, is seriously ill at her home in Miamisburg, suffering from typhoid fever, according to word received in the city. She had been visiting at her home for several days when stricken.

Mr. and Mrs. Leroy Brower and Mr. and Mrs. W. J. Kennedy, and son, Jack, motored to Mineral Springs, Ohio, Tuesday, for a short stay.

## DR. D. E. SPAHR IS HIGH BIDDER FOR OLD WATER PLANT

Dr. David E. Spahr, of this city, was the high bidder for the purchase of the property of the old Springfield pike water station when the three bids received were opened by the City Commission at a special meeting Monday.

The commissioners did not officially sell the property to Dr. Spahr however, but will formally allow the sale at the regular meeting Thursday evening. Dr. Spahr bid \$3,510 for the property, while Andrew Hanning, of this city, was second highest bidder with an offer of \$3,500. C. K. Griest, Mercer Avenue, Dayton, was the third bidder, offering \$3,000 for the property.

The property advertised was originally the Springfield pike station of the old Xenia Water Company, acquired by the city when the municipality purchased the water works. Pumping machinery and equipment had already been sold, but the property for which bids were opened Monday included 22 acres of land, a frame house, a brick pumping station, a smaller frame pumping station, a brick coal house, a large barn, and a lake, which formerly was a reservoir for the water company. The city reserved its right to the brick smoke stack and to a quantity of water main which runs from the pumping station to the main water line along the Springfield pike.

## SILVER FOX FARM WILL BE STARTED BY LOCAL PHYSICIAN ON OLD WATER STATION SITE IF PLANS GO THROUGH

A silver fox farm, for the purpose of breeding and raising pure blood silver foxes for the commercial market, will be started on the property of the old Springfield pike water station by Dr. D. E. Spahr, high bidder for the property, providing the City Commission allows the bids and grants him the sale Thursday night.

The bids were opened Monday, three being received, but although Dr. Spahr was high bidder with an offer of \$3,510 the sale will not be formally allowed until the regular meeting of the commission Thursday night. The other bidders were Andrew Hanning, of this city, who offered \$3,500 and C. K. Griest, of Dayton, who bid \$3,000 for the property.

"The plan of raising silver foxes is one I have had in mind for years," said Dr. Spahr, Tuesday, in explaining plans for instituting the fox farm. "I expect to fence off three acres of the land for the fox pens, with fences nine feet high above the ground, and buried beneath the surface to prevent the foxes from burrowing out. In this tract I will construct smaller pens from 25 to 35 feet square, and made in the same way in which to keep the pairs."

If Dr. Spahr's plans go through according to schedule he will start raising foxes next October, with three pairs of full blooded silver foxes. The meantime will be devoted to building the fences and preparing the property for the occupancy of the little animals that are considered so valuable.

Frank F. Tuplin, of Prince Edward Islands, Canada, will assist Dr. Spahr in opening his fox farm, he said Tuesday. Mr. Tuplin is a millionaire silver fox breeder, with farms in Canada, besides four fox farms operated in Michigan, where he has more than 100 pairs of the animals.

Mr. Tuplin will come here the latter part of May or the first of June and will spend some time assisting Dr. Spahr in getting the property ready for fox raising and in starting the local man off on the venture. Dr. Spahr has the three pair of silver foxes he will start with already contracted for and their arrival October

## LOVE FOR GIRL CAUSES SUICIDE OF PHYSICIAN

New York, May 9.—His love for a beautiful skating girl at the Hippodrome caused Dr. Alfred H. Riedel, 49, eminent eye specialist to end his life by poison, it is believed by the police who today are investigating the suicide. Dr. Riedel's body was found yesterday in his apartment in the hotel Markwell by the manager of the hotel after several patients unable to get the specialist on the telephone, expressed fear for his safety.

Friends of the physician are carefully guarding the identity of the girl who, it is said, is one of the principals in the love tragedy.

## COLUMBUS TO BE CENTER OF FIFTH ARMY CORPS

Washington, May 9.—Headquarters of the Fifth Corps area will be transferred from Ft. Benjamin Harrison, Indianapolis, to Columbus barracks, Columbus, Ohio, under an approved plan for redistribution of the army which has been perfected by the War Department and which will be put into effect, gradually in various sections of the country.

Part of the Tenth Infantry, in addition to corps area headquarters, will be stationed at Columbus barracks.

Ft. Harrison will become the Infantry training center of the Fifth Corps area, with headquarters of the Tenth Infantry Brigade, the Eleventh Infantry and headquarters and one battalion of the Third Field Artillery stationed at the Indiana post.

## LESOURD HOLDS OWN CENTER FIELD POSITION

William LeSourd, 116 West Market street, is holding down the center field job on the Ohio Wesleyan freshmen baseball team, having been selected for the position from a large number of candidates for the first year squad. He has been named by Coach Gauthier, Director of Athletics at Wesleyan, as a promising collegiate outfielder, in a statement recently issued.

## BAKER SILENT ON PLAN TO SEEK GOVERNORSHIP

Cleveland, May 9.—"I have absolutely nothing to say," said Newton D. Baker, former secretary of war in the cabinet of President Wilson, when asked if he would heed the plea of friends and become a candidate for the Democratic nomination for governor.

Baker a few weeks ago said that he believed former Gov. Judson Harmon was the strongest candidate the party could present at the fall election.

## FORD OFFERS DODGE JOB IN HIS PLANT

Kalamazoo, Mich., May 9.—Henry Ford, has offered to John Duval Dodge, probationer from Kalamazoo Circuit Court, a job in his Detroit factory, it became known here yesterday. Whether or not Dodge will accept could not be learned. The young millionaire was placed on probation Saturday for one year for having possessed and transported liquor and one of the provisions of the probation is that he go to work.

I will mark the actual beginning of the fox raising venture.

Silver foxes sell for high prices on the markets, according to Dr. Spahr, who has become generally informed on the business before undertaking its establishment here. Young foxes sell in pairs for as high as \$1,600 a pair, while the older ones bring as high as \$2,500 a pair. They are sold alive for breeding purposes, although animals that are not considered good stock, will be sold only for their pelts, which are highly priced in the fur markets. Although there will be a difference in the quality of fur developed on foxes here compared with foxes raised in colder climates this difference will only be slight, according to Dr. Spahr.

## LOCAL ROTARIANS AID INSTALLATION

A delegation of local Rotarians, went to Franklin, Ohio Monday night where they attended the installation ceremonies attending the organization of the Franklin Rotary Club.

Delegations from various surrounding cities attended the ceremonies, including Tippecanoe City, Lebanon, Miamisburg, Washington C. H., Dayton and Xenia.

Resolutions were passed at the meeting, expressing regret over the death of John H. Patterson of Dayton. A lively social time followed the business ceremonies.

## WILBERFORCE WINS OVER W. VIRGINIA

Wilberforce University's baseball team got sweet revenge for the defeat, handed their football team last Thanksgiving, when they defeated West Virginia Institute Monday by a score of 3-2 in a hair raising game, featured by sensational catches and "airtight" pitching.

The "Yellowjackets" of West Vir-

ginia threw gloom into the hearts of the Wilberforce adherents in the fourth inning when they scored a run on a wild pitch, as the ball was being relayed from center field to catch Holland who was hot footing it for third base. Holland didn't stop at third but breezed on home with the first count. West Virginia scored again in the seventh inning, with two men down and a man on second, McCoy lost Drewery's fly in the sun and the runner scored from second.

Both pitchers were in excellent form but Wilberforce could not bunch their hits in the early innings and it looked as though Holland would earn a shut out victory. "Buster" Jones had the best of the argument despite the adverse score up to the ninth inning, he only allowed three hits, while six

were nicked off Holland's slants. With the score standing 2-0 in their favor at the beginning of the ninth inning, the "Yellowjackets" were awakes as they ran out on the field for the "Force" team's last bat; but lady luck changed partners for this stanza and Wilberforce pushed three runs across the plate and sewed up the game on solid hits by "Buster" Jones, "Scrap" Townsend and Hall, when the bases were occupied.

Captain Johnnie Latting and "Deed" Nelson featured for Wilberforce. Drewery starred for West Virginia.

Score by innings:  
West Virginia ————— 000 100 100—2  
Wilberforce ————— 000 000 000—3

## Blouses With a Sports Air

Undoubtedly the prettiest blouses for the money that we have had in many years are the ones of white striped dimity that come in a variety of charming, summery styles.

Some are made tailored style with simple edging of narrow lace about collar and cuffs; some have pipings of striped gingham about the tuxedo collar and cuffs and down the front pleat, and others have wide round collars and cuffs of checked gingham finished with narrow white frills. The gingham trimmings are in many dainty colors and the effect is wonderfully dainty and pleasing.

Equally as pretty as the white waists are those of plain dimity in tan, rose, lavender and blue with wide white embroidery collar and cuffs.

They are part of a shipment just received from New York and are priced

## GOVERNMENT WILL NOT ASK FURTHER RELEASE OF GENERAL WOOD.

The question of whether Major General Leonard Wood will become provost of the University of Pennsylvania in September or remain in Manila as Governor of the Philippines was put up squarely to General Wood himself by President Harding and Secretary Weeks.

Both the President and Secretary desire General Wood to stay in the Philippines, at least until the reforms he has introduced are well under way, but they will neither insist that he remain nor urge a further release of his service from the University on the plea an emergency exists in the Philippines.

Decision in the matter was reached in a conference between the President and Mr. Weeks at the White House, after the Secretary of War had been informed by Senator Pepper and Dr. J. Norman Henry, president of the General Alumni Association of the University, that the trustees had declined to grant another release or acquiesce in the War Department's suggestion that General Wood be permitted to stay in Manila for an additional six months.

The attitude of the University of Pennsylvania trustees, as revealed by Senator Pepper, who is one of them, indicates plainly that nothing short of a crisis in the Philippines would cause them to alter their present conviction that his presence at the University is necessary by September.

"In the absence of such an emergency, however, it was explained that the board felt they had the right to expect the arrangement made between General Wood and the University would be adhered to and that, therefore, they would be indisposed to grant any extension of time.

"We look confidently for the return of General Wood to the University in order that he may take up his official duties on or before September 1."

Secretary Weeks acknowledged the situation in the islands presented no phases which might be termed an emergency. The eagerness on the part of the Administration to have him remain, at least for another short period, is due largely to the financial situation, which is slowly but successfully being straightened out by the Wood Administration.

## SOUTH DAKOTA TO SEND GRANITE BLOCK FOR WASHINGTON MONUMENT.

Word has been received from the governor of South Dakota by the Washington National Monument Association that a huge granite slab shortly will be shipped here to be placed in the Washington Monument. With the installation of this slab every state in the Union, with the exception of Arizona, North Dakota, Idaho and New Mexico, will be represented.

In accordance with a custom established when the monument was dedicated, February 21, 1885, every state slab sealed into position in the interior of the great shaft has been of uniform size and the granite block now ready for shipment to Washington by the state of South Dakota will measure four by six feet, with a thickness of two feet, the same dimension of other states' stones. No stone may be placed in the monument unless it has been provided for by the legislature of a state, and the states have had the privilege of chiseling a patriotic inscription or coat of arms on the slabs sent to the monument commission. In the majority of instances coats of arms have been chosen.

The Washington Monument was constructed of pure white marble and granite, and the tapering design of graceful proportions reaches skyward 555 feet, and looks down upon the city founded by and named for George Washington. The corner stone was laid July 4, 1848, and the topmost stone of the pyramid was set December 6, 1884.

During the years since the completion of the massive shaft state after state has contributed a slab in honor of the memory of the "Father of His Country." The Monument Association, with untiring devotion to its task of "rounding up" every state has never ceased its demand upon the various state legislatures.

## THE NEWBERRY CASE AS A NATIONAL ISSUE.

William J. Bryan says the Newberry case ought to be an issue in every state. The gross dishonesty of Democratic leadership in fixing up a crooked scheme whereby Ford, their senatorial candidate in Michigan, was to run for the nomination in the Republican primaries in the expectation that he would succeed through conscienceless participation of Democrats in the primaries as Republicans, is on a par with the thimble-rigging practices whereby members of the opposition party are swindled out of their voting rights in Southern Democratic states, including Florida, where Mr. Bryan is now making his home. This chronic crookedness of the Democratic machines in the states where they have control of the legal machinery, which it was sought to extend to a state like Michigan, ought to be made a national issue. Thimble-rigging primary and election laws, denial of the fundamental rights of voters, and attempts by a national administration to use a party against itself through a concerted effort to control that party's primaries in behalf of the opposition, all this is a manifestation of moral degradation in politics the people of every state ought to be given opportunity to rebuke by making it an issue, as Mr. Bryan suggests.

## TAXICAB CHAUFFEUR IS ARRESTED AFTER CHASE

New York, May 9.—Following an automobile chase in which a dozen shots were fired by the police, James R. Treiana, a taxicab chauffeur, was arrested on charges preferred by Miss Nancy Logan, a nurse. The woman said that she hired the taxicab to go to her home. As she was about to pay her fare, she said the driver seized her and forced her into the front seat, driving off at full speed. Her screams attracted police on an auto patrol. They started in pursuit and the chase lasted for a mile along Eleventh Avenue before the taxicab was overhauled.

## Today's Talk

by George Matthew Adams

**GOOD MORNING!**  
"Good morning," said the little wren as its tiny throat streamed into the air the bursting message of its bird-heart.

"Good morning," said the swaying trees and nodding flowers. "Good morning," echoed the fields of grass and the rocks that so solidly rose from this velvet green.

"Good morning," said the golden streaks of sunlight as they pierced the distant hills and crept into the room where I had just arisen.

"Good morning," said the passing man. "Good morning," smiled the boy on his way to school with his pack of books. "Good morning," cheered the man of business as he entered his office for the work of the day.

"Good morning," say the pictures in my rooms, the books that lie about so silently, yet calling to be fondled and loved—and read.

"Good morning," say youth and age—say all the forces of the world as we rise from our refreshing sleep to and face the daily tasks again.

Like the cool waters of the spring do the good-mornings of the world take away the parched feeling that so often touches our souls.

Good-mornings are such simple expressions—yet they found our hope and keep us looking up rather than down.

Which reminds me that the simple things are what confuse us so much. We are on the alert when we face a difficult task or when we enter upon

experiences which are like some great deep forest.

I read a line the other day which spoke of the way being so simple and plain that we lose our way!

"Good morning!" "Thank you!" "Please"—simple expressions, requiring no effort—yet they light lives as no sun could and put us in the way of understanding the deepest mysteries of human happiness.

"Good morning!" I wish you great joy.

## A CLEAR COMPLEXION

Ruddy Cheeks—Sparkling Eyes—Most Women Can Have

Says Dr. Edwards, a Well-Known Ohio Physician

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets. You will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system.

If you have a pale face, sallow look, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels, which cause a time and note the pleasing results. Thousands of women and men take Dr. Edwards' Olive Tablets—the successful substitute for calomel—now and then just to keep them fit. 15c and 30c.

## Rippling Rhymes

By WALT MASON

### THE ONE SOLACE.

I smoke my grand old pipe by day, I keep it going half the night; and moralists come up and say, "Such dissipation is a fright; the young behold you as they pass, and then for briar pipes they yearn, in which to smoke buds, leaves and grass, or any herbage that will burn." I've cut out all the ancient sins that blemished once my wide renown; I have forsworn imported gins, the pallid beer and porter brown. My conduct is so pure and nice it might become a king or queen; no longer do I shake the dice, or play the creaking slot machine. I've cut out cards and dominoes, and crokinole, and all such games; I read good books while grand-ma goes to play bridge whist with other dames. I know that wickedness is vain, I know my old time course was rank; it's long since I have robbed a train, or pulled a gunplay in a bank. I've cut out all the evil things, except the pipe that soothes my soul, and now the moralists, by jings would see my briar in the hole. And that's the trouble, all the time, with those good souls who lead crusades; they'd make this old world so sublime that all its comfort wilts and fades. They know not when it's time to stop, since they have squelched the Demon Rum; soon we'll be pinched for sipping pop, or chewing fragrant sticks of gum.

## NEED OF CLOTHING AT SOCIAL SERVICE BIG REPORTS SHOWS

With the coming of the summer, donations of coal and food from the Social Service League, have diminished to a minimum according to the report for the month of April given by the Executive Secretary Mrs. Carrie I. Robertson, at the regular Executive Board meeting, Monday evening, in the City Building.

The need of clothing during the year by families, who call at the League office, is always one of the chief charitable works of the organization, as shown by the report. Four hundred and thirty five garments were given out and sold during the month, the proceeds being \$43.70. Milk was given by the League during the month to ten families at a cost of \$27.40, in seven cases being given to babies and to tubercular and crippled children.

Donations for the month included two new comforts, one set of bed springs, one cot, and medicine, at a cost of \$3.65. Relief was given in 19 cases of illness, while \$2.95 was spent for transportation of three persons. Nineteen children were given clothing to help fit them out for Sunday School.

During the month the League cooperated with the following organizations, Opportunity School, Juvenile Court, Prosecuting Attorney, Justice of the Peace, Red Cross, County Infirmary, State Welfare Department, H. and A. Welfare Department, State Civilian Rehabilitation Service, County Commissioners, Probate Judge of Fayette County and County Commissioners of Montgomery Co.

Two hundred and ninety-eight calls were received at the office and 46 calls were made by the Secretary.

The report of the work completed by Mrs. Harold H. Whittington, Social Service Public Health Nurse, shows a wide variety of work done. Mrs. Whittington made during the month 99 visits and inspected 20 children in Spring Hill School, with Mrs. M. R. Snodgrass' assistance. The month's work included two talks, given before the W. C. T. U. and the Mother's Circle.

## ADDITIONAL LIGHT THROWN ON LIQUOR RING IN ARRESTS

Federal prohibition officers believe additional light has been shed on an alleged "liquor ring" that has been operating in this city with the arrest here Saturday night, by local authorities, of two men and the confiscation of 72 quarts of gin from an auto truck they had been driving.

The arrest was made as the men entered this city in the east end, after a tip had informed the local officials that the men were on their way here to deliver liquor. Monday night the men were taken into custody while held here, by Federal Prohibition Officers Clark and King on a federal warrant issued by United States Commissioner Carl Lenz, of Dayton.

The men are Anthony J. Cyrionis, a Syrian, and Charles Wessell, both of Columbus. Anti-saloon league officials are said to have found a book in their possession containing serial numbers of barrels believed to have been sent from Kentucky to the Consolidated Drug Co., Columbus, with whom the men said they were employed. The book is said to furnish evidence of a further shipment of alcohol.

The arrest of the men here is believed to be another step in the attempt of federal officials to break up alleged shipments of alcohol from Kentucky to the Columbus drug firm. The liquor confiscated here was labeled gin and it is believed the alcohol was used in manufacturing that product.

## PEGGY JOYCE MUST STAY OUT OF FRANCE IF REPORTS TRUE

Paris, May 9.—An amazing report is circulating in high quarters in Paris, to the effect that Peggy Hopkins Joyce has been requested to leave France and not return for 20 years. The request is said to have resulted from a demand made by the Chilean legation on behalf of Mrs. Errazuriz, wife of William Errazuriz, who last week committed suicide at Claridge's Hotel.

Judge Merillon of the French appeals Court, father of Pierre Merillon, Peggy's former fiancé, joined in the appeal.

Mrs. Errazuriz, mother of the suicide, is said to have stated that Peggy tried to make capital of her son's death.

Judge Merillon is reported to have threatened to disown Pierre if he traveled to America on the Mauretania, on which Peggy is a passenger. So Pierre is leaving on the Aquitania next Saturday.

All these statements which are flying about Paris absolutely lack confirmation from any official source. "Tallentire," Maurice the Dancer, and others admitted hearing the reports, but the American consulate and embassy denied ever hearing of the matter. The French ministry of the Interior also denied knowing anything of the matter.

"It is a ridiculous libel," said Henri Letellier who is said to have won Peggy's consent to marriage. "Peggy will be back in June."

## Styles BY LENORE

Happy the coincidence which makes the present day fashions suitable for the stout women. Today, by just the right manipulation of color, clever adjustment of detail, correct choice of fabric, the smartest fashions are translated to give an effect of slenderness. In fact, in looking over recently the collection of a house that specializes in gowns for stout women I found there was really very little difference between the models and the dresses from other designers. Only

the persistence of the low waistline and the plan of breaking up the broad bustline in any way suggested their specialized designing.

A very simple example is shown in the sketch today. For this attractive gown dark blue crepe Canton has been used, and the slender panels which extend below the skirt, are of the same material. A discreet use has been made of red, which is introduced in straw, completing the dark blue embroidery which trims the bodice and skirt which, by the way is about seven inches from the floor. And note the cleverly shaped sleeve.

## COURT JOINS IN PATTERSON TRIBUTE

Dayton, Ohio, May 9.—At the conclusion of yesterday's session, the District Court of Appeals, spread the following resolution, out of respect to the late John H. Patterson, upon their minutes:

"The members of the Court of Appeals now sitting in Dayton join with the entire community in expressions of sorrow and regret over the death of John H. Patterson, Dayton's foremost citizen and philanthropist."

"Mr. Patterson was a leader in the world's commercial and financial activities and a pioneer in industrial welfare."

By reason of his services and benefactions to his own city of Dayton, and the distinction he has achieved in national and international affairs, we think it fitting and proper that the Court of Appeals, out of respect for his memory, stand adjourned on the day of his funeral, and the same is so ordered.

### ANSWERED LETTERS

Olive S.—Cutting your hair had nothing to do with stopping its growth, there must be a sluggish condition of the scalp. Massage the head every day to increase the circulation and several times each week include a tonic with the massage.

Micky.—As your figure is as good without a corset, there is no reason why you should fear one. You can not be considered untidy in this respect unless you do not hold yourself correctly. Unless women are, very few of them wear a stiffly boned stay any more and a large number of women have discarded corsets altogether, but they stand properly and avoid slouching when seated.

Hope F.—As you are young the lines around your mouth may only be due to a run down state, which has made the muscles lose some of their firmness temporarily. Take a tonic to build up your general health and massage the lines with a nourishing cream. An astringent treatment for face and throat about once a week will keep the skin firm and help rid you of these disfiguring lines.

Miss Henry.—To reduce any part of the body, when a general reduction is not desired, there must be special exercising or massaging of the muscles to be reduced. In other case it is done through the quickened circulation which carries off the excess fat.

Miss Peggy.—You have probably injured the joint from wearing shoes that were too short. Consult a chi-

ropodist and have it treated since it may lead to a bunion unless immediately cared for.

O. S.—Joints that have been enlarged by the bad habit of cracking them will take a long time before nature restores them to their normal size. But they will improve if you are determined to break the habit. In older people after the bones have set, a joint enlargement would not be as likely to improve as in your case.

Constant Reader.—There is an operation for protruding ears, but if you can dress your hair becomingly, and still cover some of the ear so this defect is not noticed, it would be preferable. The Violet Ray is not suited to all scalps, but when it is the effect is excellent. It depends upon the way your scalp reacts to this treatment, whether or not you should continue with it; if your hair improves in color and new hair is coming, go on with it for a time, but never overdo it.

Discouraged.—Usually a mud pack is so overdone to the skin that it takes days to overcome its effect. It does cleanse the pores and its powerful astringent, so with some people it is just what is needed. If you should be able to decide whether or not they are suited to you. Your method of using warm and then very cold water for bathing is good and so is the daily use of the cream. If you add to this a mild astringent once each week it will keep your skin firm and prevent those fine lines from forming.

### ANSWERED LETTERS

Mrs. W. and Mrs. M.: "I have painted my bird cage gilt, and am wondering whether this is dangerous to the bird if he pecks at it? What kind of fruit punch may be served with ice cream and crackers? Can you suggest some unusual refreshments for a card party?"

Answer: I do think it is dangerous to the bird to have the cage gilt. Why don't you paint it white, or some shade that will match the color scheme of your room? Nowadays there is quite a vogue for colored bird cages—one sees them painted moss green, old blue, ecru, in fact all colors.

A good fruit punch is made as follows: Open a can of pineapple, and turn the juice into a bowl, dicing the fruit and adding this too. Next add several bananas sliced, and two oranges and two lemons, sliced into small pieces, with their juice. A can of strawberries is also an addition. Add 3 quarts of either plain water or charged water, sugar to taste, and cracked ice. Why not make something on the chafing dish for your card party refreshments? I would suggest Chicken à la King, coffee, sandwiches and cake.

An Interested Reader: "We are papering our parlor and would like to have you suggest an appropriate paper—whether striped, plain or figured, and what color. Shall we have a frieze, or only a narrow border? There are two windows on the East side and two also on the North side. Are curtains now used on book cases?"

Answer: For a Northeast room you should have a warm color—buff, or old-rose, for instance. Buff will harmonize with whatever color scheme you have in the hangings and furniture, so would advise this. If the room has a low ceiling, choose a striped buff paper; for, stripes give height to a room. Otherwise, a plain buff would be best. I prefer a narrow border rather than a frieze. Curtains and doors are no longer popular for book cases, the modern idea being that the leather bindings of books need air to keep them from drying.

Mrs. W. M.: "Please tell me why my tomato bisque soup always curdles, no matter how I put it together."

Answer: It will not curdle if you make it as follows: Strain the juice from a quarter-size can of tomatoes and heat this to the boiling point, then add one-half teaspoon of baking soda and while it froths from the soda, add a quart of sweet, hot milk. Stir till the froth goes down, then thicken with one tablespoon of flour

mixed to a paste with a little cold water. Season and serve.

Mrs. H. E.: "Can you tell me of anything that acts like gasoline for dry-cleaning, yet which will not leave a ring on the goods?"

Answer: Yes, naphtha or chloroform are more refined fluids than gasoline, yet perform the same service in dry-cleaning.

Mrs. P.: "What will remove verdigris from nickel pipes?"

Answer: Steel wool. This can be bought at most hardware stores and grocery stores, put up in small, inexpensive packages.

## ORDER OF EAGLES SPONSORS OLD AGE PENSIONS IS WORD

Xenia Aerie No. 1689 of the Fraternal Order of Eagles, in response to the request of the National Commission on Old Age Pensions of that order has appointed George Weddie, Charles Moore, Francis Chenoweth, Elmer Shoemaker and Sidney Gable as the local committee.

This committee will immediately begin steps to organize Old Age Pension Clubs in this community. The purpose is to arouse public sentiment in favor of old age pensions in the hope that the next legislature will pass an Old Age Pension bill that will be approved by the governor to become effective at an early date. Non-Eagles as well as Eagles and other organizations will be invited to participate in the formation of the club which will be a civic organization rather than a purely fraternal one.

This action of the local Aerie carries out a detail of the plan formulated and adopted at the National convention of the Order, the Grand Aerie of 1921. "The Eagles have ever been forward in originating and supporting measures to promote the welfare of the people, particularly those who do the hard work of the world, and as a rule are no two paid for their service," said a local member Saturday. "Among these Eagle-supported propositions are the laws providing compensation for accident and occupational diseases, maximum hours of labor for women and children, healthful conditions for working and living and pensions for widowed mothers."

Therefore this fraternity promptly exposed the cause of the disabled veterans in our industrial system—the men who, having spent the vigor of their youth and the strength of their manhood in productive labor, find themselves scrapped at 60 or 65, being no longer able to carry on with the swift-moving machinery of the present age.

"The problem is not confined to this country. It confronts the entire civilized world, and nearly every nation, except the United States, has made efforts to solve it. In some cases the proposed solution takes the form of voluntary or compulsory insurance. But the stern facts show that this does not meet the requirements of the case. So, the most humane and progressive nations are adopting the Old Age Pension plan. It is this plan that the Eagles are supporting because, wherever tried, it has proved to be the most just, beneficial and in proportion to the good accomplished, the least costly."

"Accordingly, the last Grand Aerie, by unanimous action, not only declared in favor of Old Age Pensions, but provided a working educational propaganda for securing the enactment of laws establishing State-paid Old Age Pensions. A national Old Age Pension Commission was appointed with Past Grand Worthy President Frank E. Hering, editor of The Eagle Magazine, as chairman, to devise ways and means for such propaganda, and \$35,000 was appropriated to enable said commission to carry on the work. This commission has prepared and is distributing a pamphlet which sets forth the necessity for such pensions and shows what has been done by various nations along the line of helping the aged victims of our industrial system."

One of the suggestions made is the formation of such clubs as the local Aerie proposes, it is said.

## MISSING TAILOR OF URBANA, A SUICIDE; BODY IS DISCOVERED

The body of Charles H. Oonk, Urbana tailor, formerly of this city was found floating on the top of the Urbana waterworks pond, Monday morning at nine o'clock, within an hour of being exactly three weeks from the day he disappeared.

The body was discovered by two small boys, who were walking along the Big Four track opposite the pond. The boys, Edgar and Harry Moody, called their mother, who in turn called Engineer Gumpert, of the

waterworks. Police were notified and Coroner J. F. Stultz called.

The body was taken from the water by John Kirby and Attorney M. B. Owen, who rowed out on the pond in a boat. The condition of the body indicated it had been in the water for some time.

Coroner Stultz pronounced death due to suicide and declared there was no evidence of foul play.

Miss Harriet Oonk of Cincinnati, sister of the dead man was notified and stated that she would come to Urbana immediately to take care of her brother's body and make funeral arrangements.

Oonk owned a tailoring shop in this city a number of years ago, leaving this city for Wichita, Kansas later returning to Urbana. Mr. and Mrs. Jacob Kany, who were acquainted with the dead man received word of the finding of the body, Monday.

## Did You Ever See a Pig Eat a Cement Post ?

Pigs have done it. They've eaten up cement walls, watering troughs, etc. You've seen them chew coal, eat mortar and swallow pebbles.

Now think of the urgent demand of an appetite that will cause them to do this.

## Hogs Must Have Mineral Food

That is one reason why they root. Make the hog give up what he roots for, and you will find limestone chips and pebbles as often as worms or grubs.

Why? Because his system craves that mineral food must have it for bone and muscles. Feed him

It is the formula used by the Iowa Experiment Station with wonderful results, making pork at less cost. There's no secret about the formula. It isn't even a TONIC or a STIMULANT. It is just what the hog must have to grow.

And it costs you less than you can compound the same ingredients for yourself. Try it and watch the improvement.

Good for all live stock. Cattle and horses need it. Sheep thrive with it. Give your animals a chance to grow. They will show you a real profit, resist disease better, and grow faster.

Put up in 100 lb. sacks. Our local agent will be glad to show you, or we will mail our booklet telling about this mineral food on request.

### MUSICAL PROGRAM

### COMING WEDNESDAY

Another program of musical talent will be afforded Xenia music lovers, when the Pittsburgh Theological Seminary Glee Club, a chorus of twenty singing preachers, will appear at the First United Presbyterian Church, on East Market street, Wednesday evening at eight fifteen o'clock.

The program of the evening will include vocal music, readings and orchestra selections. The Glee Club is one of especial merit having been invited to give their program at the Westinghouse Station at Pittsburgh twice, in order to have their music broadcasted over the country by radio.

The public is cordially invited to attend the program. A silver offering will be taken during the evening.

## TELLS HOW CITY CAN OBTAIN AID FOR UNFORTUNATES

The message of W. F. Shaw, of the State Board of Vocational Education delivered before the Social Service audience at the City Building, Monday night, was of vital importance to the city of Xenia and community, as Dr. E. H. Grubbs, County Health Commissioner remarked following the address.

An instance of the prompt and efficient manner in which the Civilian Rehabilitation Service is able to function was given during the business meeting of the League. Mrs. Whittington, the Public Health Nurse, reported a patient needing braces, in order to render her more able to maintain a livelihood. Mr. Shaw arose and asked a few essential questions expressing great interest. Receiving satisfactory answers, he immediately replied, "We will attend to that case and supply the needs." Recovering from the momentary surprise, the audience realized that the Service was already in action in their midst.

Anyone may report similar needs, through doctors, nurses, public welfare workers, or organizations which give assistance along those lines, and upon proper recommendations, this bureau of Education and Rehabilitation Service will render necessary aid.

Co-operation with local service is considered by the State as the most immediate and most economical way of dispensing assistance, so that if Xenia needs or wants it, get the word to the Service," says Mr. Shaw, adding, "it conflicts with no organization, it simply builds on."

Those who are eligible to this help are in four groups consisting of victims of public accidents, victims of industrial accidents, victims of disease, victims of defects from birth.

The methods of giving educational training are conducted in five ways. If it is possible aid is always given in the home town, if not the patients are sent where the desired instruction can be procured. Shops and factories afford a third avenue. If it is necessary a teacher will be sent to the pupil, or instruction may be given through correspondence.

Many more instances from all over the State were given telling of the results already secured. Thirty four states have taken advantage of the offer of the Federal government, Ohio being the tenth.

Mr. Shaw declared that the doctrine upon which the work is done, is that where there is mental power and inclination, there is no hopeless cripple; its value is of strategic importance, not only rendering those who are handicapped into useful and self-supporting citizens, but also brightening saddened souls, with "the spirit not of a lived life, but of a life to live."

### JAMESTOWN

Delegates to the quarterly meeting of the Friends Church held at Wilmington on Saturday were Mr. and Mrs. John Dodd, Mrs. Viora Haines, Cary Lemon representing the Jamestown congregation. Miss Bertha Day pastor of the church was also in attendance.
